SIDE VENTED UNIT COVERS with Innerflow™ System

Side Vented Unit Covers with Innerflow™ System are engineered to give your outdoor unit complete weather protection.

Features:

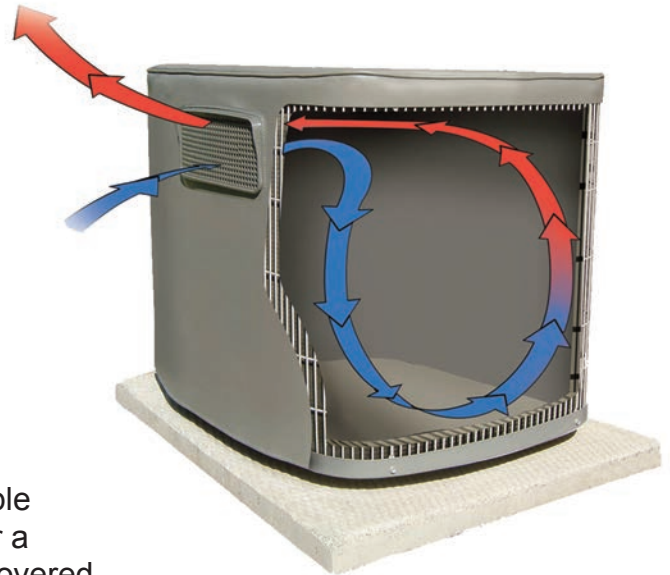

- Protects unit from top to bottom
- Helps prevent damaging condensation
- Molded from a highly durable PVC material
- UV protected
- Fire retardant
- 10 year Limited Warranty

Why cover an Air Conditioning Unit?

Throughout North America, a vast majority of people are covering their outdoor air conditioning units for a variety of reasons. Typically, air conditioners are covered during the fall, winter and early spring, to protect them from the elements and environment.

How does it work?

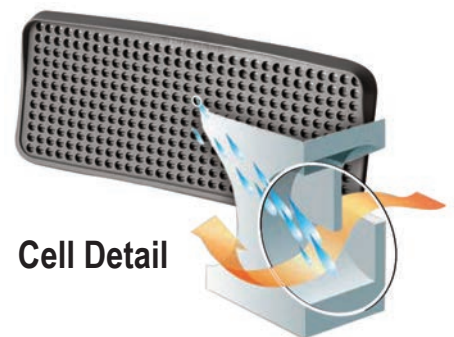

In the fall, winter, and early spring, a sunny day can significantly raise the temperature inside a covered air conditioning unit, as the cover absorbs the sun's radiant heat. Unlike conventional covers that trap this warm condensing air, the Innerflow™ System allows air to flow out of the covered unit, taking with it stale air and moisture. In addition, the Innerflow™ System effectively maintains a balance between the relative humidity inside and outside of the cover, thereby reducing, and possibly preventing, the formation of rust.

BOTTOM VENTED UNIT COVERS

Totaline® Unit Covers

Totaline condensing unit covers are made of a heavy-duty vinyl with a durable cloth backing that resist ripping and tearing. This long lasting material is also specially treated to be UV and cold-crack resistant. Covers are available in a neutral gray or beige color and they're secured with a convenient hook-and-loop strap sewn around a precision cutout for the unit's electrical and refrigeration lines.

Our bottom vented air conditioner covers are ½" to 2 inches short to provide airflow from the bottom of the unit and the refrigeration opening. This design allows a minimum of 36 square inches of cross-ventilation.

All covers are ordered by specifications.

Features:

- Keeps out dirt and debris during off-season.
- Helps reduce maintenance costs
- Can prolong life of the condensing unit.
- Premium 18 ounce industrial vinyl with a cloth backing. Gray or beige color to match cabinet.
- Precision tailored to fit the exact shape of cabinet
- Material is specially treated against UV and sub-zero temperatures.
- Precision opening to fit electrical and refrigeration lines with convenient hook-and-loop closure.
- Lifetime limited warranty.
