FEATURES

Totaline contactors are designed for use in residential and commercial refrigeration, air conditioning, and heating systems. We offer a number of contactor models in single pole, two pole, and three pole configurations, so dealers will likely find what they need for virtually any system.

BENEFITS

In addition to refrigeration, air conditioning, and heating systems, Totaline contactors are UL/CSA recognized, and can also be used in these additional applications:

- Water Pump Motors
- Blowers or Fans
- Compressor Motors
- Resistance Heating & Other Applications
